AFRICA

In Africa, there are 416 groups of people who have never heard about Jesus. Let's pray for them to be ready to listen. Pray also for the brave people who tell them about Jesus!

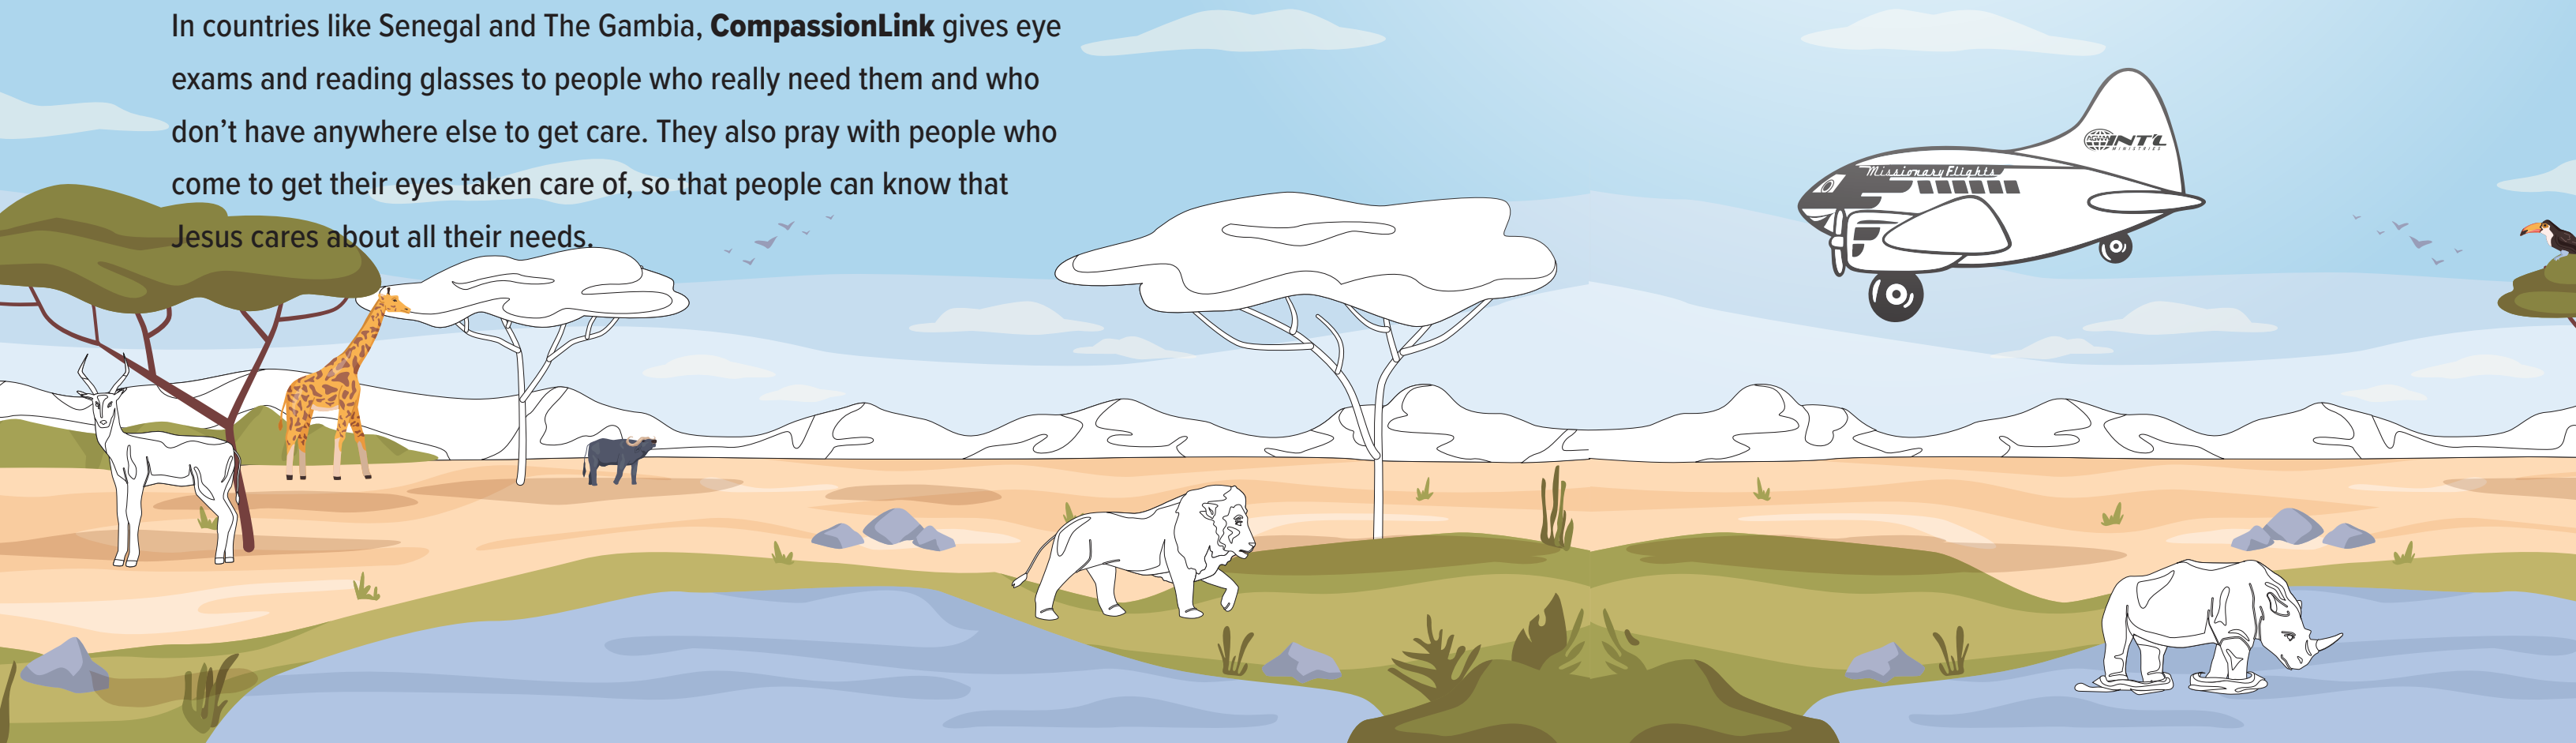

In Ethiopia, **Jacob's Hope** helps Ethiopian Christians make friends with their Jewish neighbors. They help them improve their communities and learn about Jesus together.

In countries like Senegal and The Gambia, **CompassionLink** gives eye exams and reading glasses to people who really need them and who don't have anywhere else to get care. They also pray with people who come to get their eyes taken care of, so that people can know that Jesus cares about all their needs.

ASIA PACIFIC

In Asia Pacific, there are 368 groups of people who have never heard about Jesus. They don't have anyone to tell them about Him. Let's pray that Jesus will help them and show them His love.

A long time ago, no missionaries could go to Myanmar. But the Christians there wanted to learn about God. **Global University** gave them books that taught them about Jesus so they could become strong in their faith and follow Jesus.

Royal Rangers International has big and fun camps for kids all over the world, even in Malaysia. Many strong Christian leaders in Malaysia were Royal Rangers when they were young. They learned how to love God with all their hearts and now they are starting churches and teaching people to follow Jesus.

There are many groups of people in Eurasia who have never heard about Jesus — 1,103 groups! That is more than anywhere else in the world. Let’s pray that enough missionaries can come to tell them about Jesus.

In Israel, **Builders International** is making a new school. At the school kids learn that when they love Jesus, He helps them love their neighbors as they love themselves. The school has room for 1,200 kids from kindergarten to high school. They learn a lot and are encouraged to follow Jesus!

In many places in Eurasia, people cannot talk about Jesus. Those who want to know about Him must be very careful. They have secret churches called underground churches. **Global Initiative** helps these hidden churches by giving them materials to learn more about Jesus.

All over the world, including in India, many people cannot read the language they speak. **Oral Learners Initiatives** makes special videos, computer programs, and other fun things to help them learn about Jesus through stories they can listen to and watch!

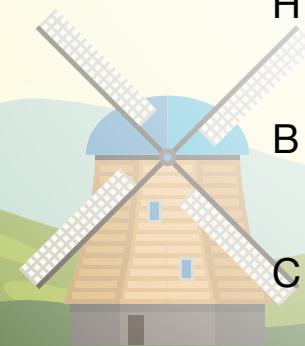

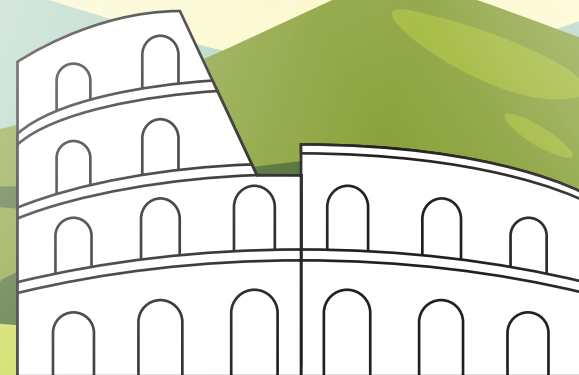

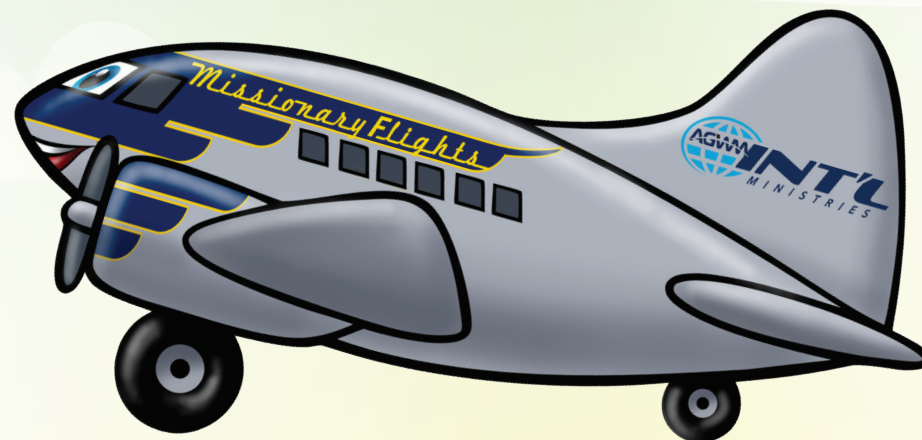

EUROPE

Many people in Europe have heard about Jesus, but they don't really know Him as their personal Savior and friend. But there are still 26 groups in Europe that have never heard about Jesus and need us to pray for them.

Inspire Project has special meetings and events for ladies and girls all over the world. These events help them be strong, brave, and know Jesus better! At one event in Rome, Italy they helped not just ladies from that city, but girls who had just moved there from many other countries. Some met Jesus for the first time ever!

In a big city in Europe, **Life Publishers** helped a man who speaks Arabic get his first Bible. It was a special Bible called the FireBible. In his own country, it can be hard for people who follow Jesus to get a Bible.

In Latin America, in countries like Ecuador and Venezuela, **Protect Me Project** is helping kids who are in danger of human trafficking. They are also helping families, churches, and communities become strong and to protect their children.

In Bolivia, a man named Sergio was very sad. He looked online for answers. He found a **Network211** website in Spanish, and reached out for help. Even though they were thousands of miles away, missionaries answered his questions online. They then led a local pastor near Sergio's home to visit him in person. The pastor helped Sergio through a hard time in his life. Now, Sergio knows Jesus as his personal Savior and attends church. He feels happy and safe because he received Jesus' love and forgiveness!

The Ambassador's first flight to Africa was on August 12, 1948. It started its trip from the municipal airport in Springfield, MO, and traveled over 19,000 miles! There were 14 people on the plane, including four crew members. The Ambassador was also carrying a very unique airplane called a Republic Seabee, which was taken apart into pieces; once put back together, it can land on water. That unique airplane was going to a missionary in Liberia so they could tell people about Jesus who lived by lakes and rivers deep in the jungle.

Color in the airplane that helped share God's love with people who were waiting to hear about Jesus, His Son.
